1. Provide maximum flexibility at the county level to create a multimodal transportation system, allowing for different needs in different parts of the county.
2. Implement projects to reduce congestion and maximize mobility on U.S. 101 and local streets, including:
  - A continuous high-occupancy vehicle (HOV) lane through Marin County that supports express buses, vanpools and carpools
  - U.S. 101 Greenbrae interchange and Larkspur ferry access improvements
  - Sonoma-Marin rail passenger service from Cloverdale to a San Francisco-bound ferry terminal
  - Bicycle and pedestrian options for commuting, school access, and recreation
  - Enhanced transit service that improves reliability and convenience, and provides community-scale, clean fuel shuttles
  - Address recreational visitor impacts in southern and west Marin County
3. Participate in regional efforts to improve highway bottlenecks such as the U.S. 101/I-580 interchange, U.S. 101 HOV lanes from North San Pedro Road to Lucky Drive, and U.S. 101 Marin/Sonoma Narrows HOV lanes from SR 37 to Old Redwood Hwy.
4. Integrate transportation and land use decision making.
5. Make Marin a self-help county (through voter approval of a dedicated transportation sales tax) in order to have more funding to attract outside investments, provide funding flexibility and expedite project delivery.
6. Protect the significant investment already made in local streets and roads by providing funding for maintenance.

## Public Meetings:

- **Joint Meetings** of the board of supervisors, congestion management agency and transit district are scheduled on the 4th Thursday of each month at 7:30 pm. *Meetings are held at the Marin County Board of Supervisors/Planning Chambers, Room 329, 3501 Civic Center Drive, San Rafael.*
